

My Top Three Memories From Primary

Seven

by Eva Mc kenna

Cross Country

My first top memory of Primary Seven was the cross country. I was so excited when I got into the cross country team. On the 16th of October all of our class heading on a bus to Dungannon park to take part in the area heat of the primary school championships and fun run. I came first and received a trophy and our team got 1st prize in the team competition. We were all so happy to win the shield and get through to the finals.

The finals took place in cookstown. I was very excited and nervous.

The mile long course was very tough, but at the end we were awarded second prize and I received another trophy for second place.

Football

My second top memory of Primary Seven was the indoor football heat. Myself, Mya, Aine, Neve all went with Mr Ball and Lucy, Ellen, Roisha and Kiera went with Master Mc Creesh. The 5-a-side girls indoor Gaelic football took place in Dungannon Loughview Centre. It was massive and very cold. I really liked playing with my teammates. The hardest team we played was English. We beat them in the first game, but then they beat us in the final. When we left to go home, Mr Ball and Master Mc Creesh had to turn and go back, as we had left our jackets and bottles behind. Mya begged Mr Ball to go to the shop the whole way back to school, it was so funny. Finally when we got back to school we had dinner and then Mr Ball gave us sweets.

Peace Proms

My third top memory of Primary Seven was the Peace Proms. On Sunday the 1st of March we went to SSE Arena in Belfast to perform 15 songs with 2 thousand other children. I sat beside my two friends Sophie and Ellen. First we had to practise the songs and then we had our lunch. My favourite song was High Hopes. I really enjoyed peace proms. On the way home we got pizza, it was really nice.
