Dear Parent/Guardian,

At St Mary's we value the importance of parental involvement in the life of the school and consulting parents on key policies and procedures. We are currently reviewing our Safeguarding and Child Protection policy. We would be grateful if you could submit feedback regarding the Child Protection Policy you have read online (***School Website/Parent Area/Safeguarding/Child Protection***) A copy of the policy is also available in the office. We will send a link via the school texting service. You should click on the link and complete the Parent Questionnaire. Click submit when you have answered all the questions. We greatly value your opinions and thank you for taking the time to complete this short questionnaire.

Kind Regards,

Louise Quinn
